I have scanned and saved on the I: drive a letter with enclosed reference information from a two Hot Springs SD residents. The letter and enclosures are located at I:\30 Day Share\Valois\Dewey Burdock\Baker-GamacheLetterAug12-2013. They took quite a bit of time to provide us with helpful references. They also requested a response back. Could we meet to discuss how much information we can provide in a response letter and how much needs to wait until the Draft Permit decision is finalized? Annette, I included you because they are concerned about the abandoned mines, too.

Thanks!
